EXPERIENCE

Nyros Technologies, Kakinada — *Trainee Software Developer*

AUGUST 2024 - PRESENT

Contributed to the development and testing of software applications.

Assisted in coding, debugging, and troubleshooting software issues.

Collaborated with senior developers to learn and implement best practices.

Gained hands-on experience with various programming languages and development tools.

EDUCATION

Aditya Engineering College, Surampalem — B.Tech Information Technology

July 2020 - May 2024

Aditya Jr College, Kakinada — *Intermediate* MPC

June 2018 - April 2020

PROJECTS

To Do List Application

Developed a web-based to-do list application using HTML, CSS, and JavaScript to enable users to manage their tasks effectively.

Interactive Quiz Application

Created a fun and interactive quiz app using HTML, CSS, and JavaScript. The app allows users to test their knowledge on various topics. It features dynamic questions, answer selection, score tracking, and a user-friendly interface.
